In today's business environment, companies must rely on a variety of staffing solutions to meet their organization's growing departmental needs. Growth spurts in your business can be cyclical—they often require specialized external resources to partner with existing staff. As a client of an **MRINetwork** Office you'll have the ability to contract a wide range of professionals and reap the many benefits a contract staffing solution can offer.

IT'S ABOUT TIME.

Most of our recruiters come from the industry in which they recruit. Working within one of the world's largest networks and armed with our proven, high-touch, Accelerated Recruitment™ approach, they can quickly deliver experienced talent ready to make an immediate impact on your business.

IT'S ABOUT TALENT.

Whatever your temporary situation, we've got the ability and capacity you need to take on the challenge. Highly-skilled professionals from a broad spectrum of disciplines: Information Technology, Accounting & Finance, Life Sciences, Engineering, Legal, Construction and many, many more. We can also assemble entire teams to tackle complex or multiple staffing assignments.

IT'S ABOUT TRUST.

Our **MRINetwork** Recruiters undergo one of the toughest hiring processes in the business: Us. Those who we hire also make it their business to present you with the best talent and service on the planet. Each one is supported by the world's largest network of search and recruitment specialists.

We'd welcome the opportunity to give you all the details of **MRINetwork** contract staffing services. **MRINetwork** will customize a solution to meet your specific needs.
